### IN THE "LAND OF GOSHEN"

We had the pleasure of staying all night with our old friend and a subscriber for over thirty years, Wm. Judson Owen, than whom no better man lives. Gentle, kind and hospitable, a pure Christian gentleman, of the old school, it did our soul good to be with him in his hospitable home situated in that beautiful spot in the valley of the "Land of Goshen." This is one of the richest spots in Breckenridge county. Here is where corn grows the biggest and the whitest, tobacco the broadest, cattle and hogs revel in green fields of the finest blue grass and where fruit trees never die, or fail to bring forth abundant fruit.

It was in this valley and on the spot where Mr. Owen's house now stands, in the year of 1808 that old Goshen church was instituted. Walter Stallard, Alexander McDougle and Warren Cash were the trio who established the church and called it "Goshen" in honor of the beautiful valley surrounding the home of Mr. Owen's great grandfather.

There is an apple tree on this place 100 years old still bearing fruit and has never failed in the memory of the oldest inhabitant.

Mr. Owen has a beautiful farm rich in blue grass and a soil that never fails to produce a good crop.

The more we know and see of Breckenridge county the more impressed are we that we have the best lands and the best people anywhere in this broad land.

The Manufacturers' Record of Baltimore says:

"Coal and iron, the foundations of the world's chief industries, the bases of the vast wealth of Great Britain, Germany and Pennsylvania, the moving forces of all civilization, are found in the South in quantity, proximity and cheapness of production on a scale not elsewhere duplicated in the world. Of coal the South has nearly three times as much in area and many times as much in quantity as Great Britain, Germany and Pennsylvania combined. Of iron ore the South has certainly half of all the known ore of entire country. Measure if you can the limitless possibilities, the vast wealth of the future of this section."

### THE TEMPERANCE QUESTION IN THE SENATORIAL RACE.

The News took occasion to warmly endorse the action of Governor Beckham in putting the Sunday lid on in Louisville and gave him proper credit for passing the County Unit Law. It took courage and honest convictions to do both of these things and we cannot believe that they were done for political effect as so able a politician as Governor would undoubtedly have seen such action on his part would turn from him in his race for the Senatorship the entire liquor interests of the State. The News commends Governor Beckham again for his bold courageous conduct in enforcing the Sunday law against the saloon in Louisville and in extending the right to the several counties to vote as a unit against the saloon.

But when Governor Beckham undertakes to make the temperance question an issue between Senator McCreary and himself in the Senatorial race we think he has made a serious mistake.

To make the temperance issue between two candidates for office one must be on one side and one on the other side. Senator McCreary is as much a temperance man as Gov. Beckham. If not a total abstainer he has never been a patron of the bar rooms. He has not only voted on the temperance side whenever he has had the opportunity but he has lived as he has voted. He is a Christian gentleman and an active churchman. He has never received a dollar from the liquor interests to aid him in any of his campaigns and he has on the stump declared that he has not and will not receive a dollar in this campaign from these interests. He has not condemned the action of Gov. Beckham in his closing the saloons in Louisville on Sunday nor in the passage of the county unit law. Against a man with such a record, Gov. Beckham has no right to raise the temperance issue, and in the cause of temperance we protest against it. We object to Gov. Beckham injuring an issue by attempting to make the people believe that the nomination of Senator McCreary would be a victory for the liquor and lawless elements of Kentucky. There are some of the very best and most earnest Christian ministers in Kentucky who will vote for Senator McCreary, and thousands of as good temperance and law abiding citizens will support Senator McCreary as Gov. Beckham can rally to his support. The fact that Gov. Beckham has tried to inject this question into the campaign is the only thing that he has done to give coloring to the reports that these things were done for political effect and to recall the charges that have been made that in former campaigns, Gov. Beckham received material aid from the liquor interests and the charge made by Dr. Kerfoot, a leading Baptist minister over his own signature, that Beckham, as Speaker of the House had prevented the passage of the County Unit Law. We are not especially interested in this campaign between Beckham and McCreary. Personally we like the Governor the best, but we are interested in the great battle that is being waged against the saloon and we protest in the interest of this cause against it being dragged into a political contest in the interest of a candidate and to the detriment of a cause when his opponent's life and conduct has made the issue utterly impossible.—Elizabethtown News.

Can you believe your senses? When two of them, taste and smell, having been impaired if not utterly destroyed by Nasal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands whom it has cured? It is applied directly to the effected air-passages and begins its healing work at once. Why not get it to-day? All druggists or mailed by Ely Bros., 56 Warren Street, New York, on receipt of 50 cents.
